Ride® Forward

The Ride® Forward cushion surrounds the pelvis with supportive contours while reducing pressure around at-risk bony prominences. This helps improve postural control without compromise of skin protection.

Skin indications

- Mild to moderate skin risk
- Current or previous stage 1 to 2 wounds
- Normal to affected skin sensitivity
- Incontinence protection

Posture indications

- Pelvis relatively easily compensated
- Mild to moderate posterior-anterior tilt of the pelvis
- Mild to strong tendency for sliding forward on cushion

Delivery time for Ride Designs products is 4-15 workdays.
