The Java Back's patented biomechanical design provides the flexibility to easily and independently optimize pelvic support and balance the trunk for excellent support, comfort and mobility.

- 3 back heights (360, 460, 560 mm)
- 2 depths (80, 150 mm)

Target group:

- Low to medium postural asymmetry
- Substantial need for help with balancing the trunk, support required

Delivery time for Ride Designs products is 4-15 workdays.
