Netti Dynamic back gas spring — Price on request

When mounting the dynamic gas spring the recline is reduced to 90° - 118° and the main wheels must be positioned as far back as possible. Please contact us if an active wheel position is required.

The standard back recline can be locked in any position as the dynamic movement is blocked simultaneously, which can be appropriate during transport or positioning. Incl. Bodypoint Evoflex pelvic stabilizer 2-point belt:

Size XS ☐ M ☐ L ☐

For more information and choice of gas spring, feel free to contact us or have a look at our website. If combined with other options, please send us a request as some solutions are only possible as special adaptations.

NETTI CUSTOMIZED

Netti has many years of experience in developing customized solutions. Feel free to contact us for a quote concerning your individual solution.
See examples and more about our special solutions online.

CUSTOM MADE – most wanted special adapted items (price on request)

A

B

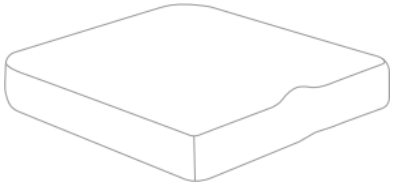
	☐	Extra long calf supports (please state length) **(A)**
	☐	Calf support upholstery in special length or material

☐	Back cushion with special side support (see drawing page 9) **(B)**
☐	Footboard that swings horizontally forwards
☐	Push handles with longer horizontal bar (standard is 200 mm)

Please describe your current case and how a possible solution could look. If you have any picture or video material, we would also like to see this. To offer the best solution, please describe the user in the best possible way, e.g. such as any given diagnosis, user weight and/or the exact pattern movement of the user.

User weight:

Please write the exact measurements and draw the wished solution for the requested accessories e.g. by using the drawings underneath.



Please inform us if there are any special circumstances in the living area that has an influence for the chair: e.g. the total possible width _____ mm and length _____ mm of the chair.
